

DEVELOPING BEST STRATEGIES FOR BIOMASS SOURCING, TRADING & PROCUREMENT ACROSS THE GLOBE

INCLUDING SUSTAINABILITY DAY ON 18TH OCTOBER

Join us on Tuesday 18th October for Sustainability Day and discuss key issues in regards to the impact of sustainability on social, ecological and economic developments within the biomass supply chain

During the one day conference you will have the opportunity to engage with NGOs, feedstock suppliers, traders, biomass power plant operators, biofuel producers and biorefiners amongst others

KEY TOPICS INCLUDE

Global Supply & Demand Outlook

Political & Regulatory Environment

Feedstock Procurement Strategy

Bioenergy Commodity Logistical Considerations

Biomass Pricing Report

Wood Pellet Price Indices & the Biomass Trader

> Trading Strategies & Perspectives

Challenges & Opportunities in Bioenergy Commodity Supply

Event Sponsors

BIOENERGY COMMODITY TRADING 19TH & 20TH @CTOBER, COPENHAGEN, DENMARK 201

Bioenergy Commodity Trading 2011 is the ideal event to convene with your senior peers to discuss strategies for biomass sourcing, trading and procurement, focusing on

future standardization & certification issues as well as the importance of ensuring price security.

The event will look at current market trends and discuss the key challenges and opportunities in bioenergy commodity trading.

The key areas of discussion for the event will be:

- Global Supply & Demand Outlook
- Political & Regulatory Environment
- Feedstock Procurement Strategy
- Bioenergy Commodity Logistical Considerations
- Biomass Pricing Report
- Wood Pellet Price Indices & the Biomass Trader
- Trading Strategies & Perspectives
- Challenges & Opportunities in Bioenergy Commodity Supply

The two day conference will comprise a series of informative formal presentations from senior industry executives and experts, panel discussions encouraging information exchange between you and your peers and excellent networking opportunities allowing you to maximise the productivity of your two days at the event.

Who will attend?

Directors and managers of biomass trading, sourcing, supply, procurement from leading power generating companies, utilities, biomass and biofuels producers, financial institutions as well as commodity brokers & analysts, shipping & freight brokers, government officials and regulators.

COMMERCIAL EXPOSURE OPPORTUNITIES

Gain direct access to our senior level audience through enhanced visibility and exposure to attract new business and forge lasting commercial relationships, with opportunities to demonstrate the capabilities of your latest products and services.

A wide range of opportunities are available, all of which can be finely tuned to match your exact requirements.

For information on available sponsorship and commercial opportunities contact:

SUSTAINABILITY DAY 2011 – Tuesday 18th October 2011

Sustainability Day 2011 is the ideal setting to convene with NGOs, feedstock suppliers, traders, biomass power plant operators, biofuels producers and biorefineries amongst others, to examine the impact of sustainability on social, ecological and economic developments within the biomass supply chain.

The key areas of discussion for the one day event will be:

- Policy on Sustainability & Biomass
- NGO Views & Proposals
- Considerations for Feedstocks & Sustainability
- Certification Essential for Sustainability
- Impact on Industry Feedstock Supplier, Trader & Power Plant Operator
- Importance of Independent Auditing
